27. Management Discussion and Analysis

The baseline projection for global economic growth in 2016 is a modest 3.2%, broadly in line with last year. The recovery is projected to strengthen in 2017 and beyond, driven primarily by emerging markets and developing economies, as conditions in stressed economies start gradually to normalize. But uncertainty has increased, and risks of weaker growth scenarios are becoming more tangible. The fragile conjuncture increases the urgency of a broad-based policy response to raise growth and manage vulnerabilities.

India - Asia's third-largest economy retained its world-beating 7.6% GDP

growth for FY16 (with 2004-05 as base year), even as emerging markets like China, Russia and Brazil are slowing down. Data released by the Central Statistics Office showed that the Indian economy crossed the USD 2.02 trillion mark, compared to USD 1.9 trillion in the previous year supported by improved agriculture output, better manufacturing, mining, electricity production and lower interest rates leading to higher consumption. On the flip side, we have serious concern of NPAs. The banks are saddled with stressed assets, capacity utilization is low and corporate investments are dismal. Manufacturing, accounting for nearly 40% of total employment, witnessed a de-growth, so did mining, construction and non-financial services.

Indian power sector is in its growth path with developments in Renewable Energy (RE) segment taking the lead. The power sector witnessed 11.4% growth in installed capacity with an addition of 30,422 MW. Within power sector, there has been substantial capacity addition in the renewable energy and total RE installed capacity stood at 38,822 MW at the end of FY-16. Transmission lines' addition achieved was 28,114 CKms as against target of 23,712 CKms. The power supply situation has improved and we had 2.1% of energy deficit and 3.2% of peak deficit as compared to 3.6% & 4.7% during 2014-15.

In this year, the low demand from Distribution Utilities caused the major concern leading to PLFs going down to 62-63%. The Discoms are facing heavy debt burden (Total Discom Debt aggregates to ₹4.3 Lac Crores) and has accumulated losses of more than ₹4 lakh Crores. Government has come up with Ujwal DISCOM Assurance Yojana (UDAY) - a significant policy measure to improve financial condition of Discoms as well as measures for cost reflective tariffs and reduction in AT&C losses. So far 13 States have signed MoUs under this scheme and States have raised around ₹1 Lac Crores through UDAY bonds till 31 March 2016. Similarly, New Tariff Policy also emphasizes the need for efficiency improvements and has provision for usage of Smart meters in a phased manner to enable "Time of Day" metering, reduce theft and allow net-metering as well as timely revision of tariff.

Although, more than 80% of the power is tied up under long term arrangements with State Generation, Central Generation and IPPs, it is increasingly getting under dispute due to uncertainty over supply, tariff, demand projections and associate financial implications. Your company has been adapting to the changed requirements and has been promoting Medium Term procurement of power with a time horizon of 3-5 years along with short term procurement for temporary and very near term demand can be a solution which may provide a win-win solution both to the Discoms as well as generators. We need enabling policies to promote medium term power procurement such as inter-se parity in usage of common infrastructure (transmission, fuel transport arrangement), availability of fuel, and financing to support medium term PPAs.

The initiatives taken by government to improve the sector like UDAY, New Tariff Policy, and Coal rationalization and allocation policy are aimed towards improving the off-take and availability of power at affordable prices. These measures shall take more time to unwind the sector, accordingly the result is expected to come in due course of time.

The outlook of the sector is efficiency improvement in the value chain especially through the IT enablement, promotion of environment friendly renewable technologies and energy efficiency solutions in the coming future. These areas can provide business opportunities to various stakeholders.

This year, despite volatility, the power market showed a substantial growth and the volumes in the short term power market increased to ~16.4% (from 115,230 MUs in FY16 as compared to 98,987 MUs in FY15).

Your company maintained its leadership position with a market share of 35% (including Cross Border). During FY-16, your company's trading volumes increased by 14% to 42,372 MUs as compared to 37,137 MUs during FY15. Due to inter regional grid constraints, some of the contracts could not be operationalized/partially operationalized and the power flow was restricted to that extent resulting in a volume loss of about 5,360 MUs.

Your company improved on the average margin (net of rebate, surcharge and tolling converted PPAs) realization to 5 Paisa / unit as compared to 4.6 paisa / unit in FY15 exhibiting an increase of 8.6% YoY. Your company continues to consolidate in its core trading business with a balanced portfolio of Long /Medium /Short Term contracts within India as well as Cross Border trades and Exchange based transactions with resultant improvement in average margin realizations.

Your company participated in the recently launched, Ministry of Power, DEEP e-bidding portal offering the maximum number of bids at competitive rates for utilities of Uttarakhand and Kerala. PTC offered a total of 9 bids from different sources to Uttarakhand & 3 bids to Kerala on the first ever e-bidding & e-RA (Reverse Auction) conducted on the new DEEP portal and emerged successful in both.

In 2015-16, Your Company has added long term power supply to an extent of 461 MW to UP and Tamil Nadu. With this addition, total capacity under long term power supply has reached to 2,571 MW. Going forward, long term contracts of 890 MW is expected to get operationalize soon. I am happy to share the concerned regulatory commissions have approved the transactions.

On policy front, persistent efforts has brought the desired result in the form of inclusion of traders for participating in the medium term bidding process. Your company is participating in the various Medium Term tenders being issued by various State utilities.

Cross-border trades have always been of utmost importance to your company. This year, continuing the legacy, cross border transactions contributed 7,151 MUs (16.88%) in the total traded volumes in FY-16. The Cross-border trade with Bhutan in FY-16 was 5,107 MUs, with Nepal it was 136 MUs and with Bangladesh, the traded volume was 1908 MUs. Your company participated in the tariff based competitive bidding and received LOI for supply of 40 MW power to Bangladesh Power Development Board for 2 years. Your company has also signed a short term agreement with Nepal for supply of up to 30 MW RTC Power for the period starting from 1st November, 2015 to 30th June, 2016.

Your company has been focusing into developing new businesses to cater to the dynamic needs of the industry and customer. PTC Retail business, which was set up for facilitating power supply to the industrial and commercial consumers, is growing at a fast pace and has grown 34% over previous year. The retail business traded 7,221 MUs in the FY 2015-16 constituting around 17% of total traded volume. Your company has added reputed organizations such as Delhi Metro Rail Corporation, Indian Railways, SAIL, Reliance Industries, ACC Cements, MRF Tyres etc. in its client list.

Your company has increased its presence in the portfolio management business for the Utilities segment, as it executed agreements with Jharkhand Bijli Vitran Nigam Limited, and Indian Railways for managing their power portfolio. New Delhi Municipal Corporation has extended the agreement for management of NDMC's power portfolio by another three years. Further, PTC and Railways Energy Management Company have together set up a control room in PTC Office for managing the power portfolio of Indian Railways. State utilities and generators such as Department of Power, Arunachal Pradesh, Government of Himachal Pradesh, NEEPCO, NHPC, Haryana Power Generation Company Ltd and Bihar State Electricity Board were added/renewed agreement for sale/purchase of power. Your company was also awarded a contract by DVC to sell its surplus power for FY-16.

Your company has diversified in energy efficiency space, and is engaged as a project management consultant for DELP schemes in four States viz Maharashtra, UP, Himachal Pradesh and Rajasthan. Similar services are being provided in street lightning projects in two circles in Andhra Pradesh. Your company has mapped its potential and identified key areas for delivering knowledge-based value by rendering advisory services with an objective to expand its learning curve and create alternate revenue potential for its business. Your Company assisted petroleum refineries in conducting feasibility analysis for EHV transmission connectivity for optimized power procurement through Open Access. Successful execution of such assignments provided us strong credentials to undertake route survey,

engineering and contracting activities for bulk consumers The company has also formed strategic consortium with REC Transmission Projects Company Limited for jointly undertaking engineering and contracting activities for large size transmission projects. Your company assisted petroleum refineries and related constituents in contract structuring and transaction advisory in procurement of power through open access under group captive or bilateral mode. The company will be responsible for trading of power, contractual advisory and back-end support to trading operations. Your company has also executed consultancy assignments on evaluating economic benefits for Special Economic Zones as deemed distribution licensees.

Your company also believes in sharing knowledge with the neighboring countries to create knowledge base as well as strengthen relationships. With this objective, your company organized capacity building programme in the area of Power Trading for officials from Nepal, Bhutan, Bangladesh and Afghanistan and conducted 7 days on the job training at control room besides the sessions at NPTI.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STAND ALONE FINANCIAL STATEMENTS OF PTC INDIA LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of PTC INDIA LIMITED (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on, “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on, “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

“Annexure A” to the Independent Auditor’s Report of even date on the Consolidated Financial Statements of PTC INDIA LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

(We have audited the internal financial controls over financial reporting of PTC INDIA LIMITED (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and its associates as of March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Group and its associates for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Holding Company’s management is responsible for establishing and maintaining internal financial controls based on, “the internal control over financial reporting criteria established by the holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Holding company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting

and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Holding company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiaries and associate company, which are companies incorporated in India, subject to the other matter paragraph given below have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act include the information of the Holding Company and its subsidiaries companies in respect of the adequacy and operating effectiveness of the internal financial controls over financial reporting. It did not contain such information in respect of the associate companies for which no corresponding reports of the auditor have been obtained.

- f) i) In accordance with the accounting policy, the surcharge recoverable on late/ non-payment of dues by sundry debtors is accounted for on receipt basis. Correspondingly surcharge liabilities on late/ non-payments to the suppliers, in view of the matching concept, is not being recognized in the accounts. The estimated liability in this regard, however is lower than the Group's claims from its sundry debtors.
- ii) During the year, the Group has recognized surcharge of ₹103.63 crore (previous year, ₹60.75 crore) from customers on amounts overdue on sale of power which has been included in "Revenue from operations". Correspondingly surcharge expense of ₹33.72 crore (previous year, ₹3.32 crore) paid/payable to sundry creditors has been included in "other operating expenses".
- g) Some of the balances of trade payables, trade receivables and advances are subject to confirmation/ reconciliation. Adjustment, if any will be accounted for on confirmation/ reconciliation of the same, which in the opinion of the management will not have a material impact.
- (h) In the opinion of the management, the value of current assets, loans and advances on realization in the ordinary course of business, will not be less than the value at which these are stated in the balance sheet.
- i) i) During the previous year, based on an independent investigation into the affairs of an associate Group (Associate), PFS had concluded that in earlier years, the Associate and its promoters had misrepresented various facts to it and induced it to make investments aggregating ₹61.12 crore in the Associate. PFS had filed a criminal complaint against the Associate and its promoters and is taking suitable steps both under civil and criminal law to safeguard its investments and to recover the same. Pending outcome thereof, the group had fully provided for the diminution in value of investment held in this Associate in FY 2014-15.
- ii) PEL had contributed equity of Rs. 23.40 crore constituting 48% in RS India Global Energy Limited (Rs. 21.60 crore in FY 2008-09 and Rs. 1.80 crore in FY 2009-10). PEL came to know that RSIGEL and its promoters had made several misrepresentations and induced it to invest money as equity in RSIGEL (even project has also not come up). On prudent basis, the group had made 100% provision for diminution in value of investment in FY 2014-15 without considering the underlying value of investment. The Group is taking suitable steps under law to safeguard its investments and recover the same including enforcing its rights as shareholder and is contemplating other legal recourses i.e. filing criminal case.
- j) Due to the financial statements for the year ended March 31, 2016 of RS India Wind energy India Private Limited (RSIWEPL) and RS India Global Energy Limited (RSIGEL), (Associates of the group) not being available, the impact thereof on these financial statements as per the requirements of Accounting Standard - 23 "Accounting for Investments in Associate in Consolidated Financial Statements" could not be determined and accounted for. However for the purpose of consolidated financial statements, in FY 2014-15 the group has accounted for a provision of ₹67.26 Crore for diminution in value of investments without considering underlying value of these investments. (i(i) and i(ii) above).
- k) Pursuant to the notification dated December 29, 2011 issued by the Ministry of Corporate Affairs amending the Accounting Standard 11, the group has exercised the option as per Para 46A inserted in the Standard for all long-term monetary assets and liabilities. Consequently, an amount of ₹31.02 Crore (gross of tax) is remaining to be amortised in 'Foreign Exchange Monetary Item Translation Difference Account' as at March 31, 2016.
- l) The Group invested ₹37.55 Crore as 49% of equity into 60 MW-Thermal-imported coal based project. The project is about 90% complete and the further progress on the project has stopped due to paucity of funds. One of the lenders has carried out the valuation of the assets of the project and based on the valuation report the Group has made full provision for diminution in value of investment in the said project, even though the efforts are on to revive the project. But for this provision the PAT of the Group would have been ₹467.80 crore for the year.
- m) Additional Information, as required under Schedule III to the Companies Act, 2013, of enterprises consolidated as Subsidiary and Associates.
